

DUST AND FUMES

HOMEWORK

1.

Read this article to learn more about the dust extractors used when working on aluminum parts:
<http://www.bodyshopbusiness.com/chief-automotive-technologies-aluminum-dust-extractor/>

2.

Watch this video to understand what NIOSH respirator certification means and why it is important:
https://www.osha.gov/video/respiratory_protection/niosh.html (15:18 min)

3.

Watch this video to learn about fit testing procedures for respirators:
https://www.osha.gov/video/respiratory_protection/fittesting.html (11:59 min)

4.

Print the manufacturer's instructions on how to put on and conduct user seal checks for the 2-strap dust mask you use at school or at home (search by manufacturer's name and dust mask model)
http://www.cdc.gov/niosh/npptl/topics/respirators/disp_part/n95list1.html
