

DUST AND FUMES - REFRESHER

HOMEWORK

1.

Learn more about fiberglass. Read this [factsheet prepared by the New York Department of Health](#) or this [one, prepared by the Illinois Department of Public Health](#).

2.

Identify the type of dust mask/2-strap respirator you use to protect yourself from dust and fumes. How do you know you're not using a counterfeit dust mask?

- a) On the dust mask itself or on the box, find the code that has a letter (N, P, or R) and a number (95, 99, or 100).

The code of my dust mask is: _____

- b) On the dust mask itself or on the box, find the word NIOSH, and a 4-digit approval number.

The approval number of my dust mask is: TC-84A- _ _ _ _

- c) Scroll down [this page](#) to see examples of counterfeit dust masks.
